

Commercial Feasibility Report

SERVICE OVERVIEW

Evaluate a commercial renovation project's budget and scope of work to ensure all key costs have been identified and adequate funds are appropriately allocated

What's Included:

- ✓ Identification of critical path line items and key pay terms impacting funding
- ✓ Photos and assessment of budget line items relative to project plans
- ✓ Identification of "potential added" line items not in original budget
- ✓ Compares budget against general contract and provides key insights
- ✓ Detailed assessment leveraging detailed plans, preferably using a city-approved construction set
